Hi Vince,

The dean's letter should be a brief letter stating your matriculation date, current status, whether or not you were dismissed, and if you have had any disciplinary issues. The letter must be signed by the dean and sent to us directly from your school (it can be emailed to me.)

Hope this helps.

Sincerely,

Thanks so much for the update. I requested a deans letter from the dean of Academic Affairs, and was asked for a little more information as far as what the letter should include. Do you mind providing me with more details?

Thanks so much.

Vince
